

SDG Grant Application

Sustainable Development Goals

Episcopal Diocese of Eastern Oregon

The General Assembly of the United Nations adopted 17 Sustainable Development Goals (below) to end poverty, protect our planet, and fight injustice and inequality. EDEO is offering grants to parishes within the diocese to develop and carry out projects related to any of these goals. In the past, EDEO has sent funds to various organizations to be used for projects that were applicable to the Sustainable Development Goals, however in 2019, Diocesan Council voted to use those funds for projects within the diocese, with the hopes of increasing our own awareness of these needs.

Qualifications:

- Parish must be in good standing with the diocese.
- The project should include community partners and some additional support, either financial or in-kind material or hours.
- A detailed report must be given to Diocesan Council and Diocesan Convention regarding the use of the funds after the grant is awarded.

Application is due by April 25

***Grants will be awarded at the May/June Diocesan Council Meeting.**

SDG Grant Application

Parish Contacts and Information:

Parish: _____

Address: _____

Priest: _____ Email: _____

Phone: _____

Senior Warden: _____ Email: _____

Phone: _____

Project Leader: _____ Email: _____

Phone: _____
